Vansh Kakkar

FULL-STACK DEVELOPER

I am passionate about developing modern web applications and expanding my knowledge of frontend technologies and AI systems. I focus on writing clean, maintainable code and building functional, interactive user interfaces. I am eager to apply my technical skills to real-world projects, contribute to team-based development, and continuously improve through hands-on experience.

PROJECTS

PERSONAL PORTFOLIO WEBSITE
Nov 2025 - Dec 2025

Developed a modern, animated portfolio built with React, Tailwind CSS, and Framer Motion. Features dark/light mode, scroll animations, and responsive design. Implemented smooth UI animations using Framer Motion. Deployed on Netlify with GitHub-based CI/CD.
